Terry Tamminen
Governor's Special Advisor for Energy & Environment
Governor's Office
State Capitol Building
Sacramento, CA 95814

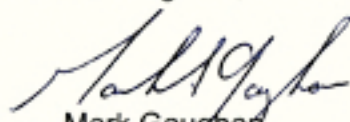

Dear Mr. Tamminen:

Thank you for your participation in The Greening of Orange County. On behalf of both SDG&E and The Gas Company, we were so pleased to have a panelist of your caliber. It truly was an enjoyable evening that generated a lively discussion! For your viewing pleasure, we've included a copy of the evening's event on DVD.

As you know, our companies are committed to protecting and conserving the environment. Our award-winning energy efficiency programs are just one of many examples of that commitment. We encourage you to continue to stay involved and watch our companies lead the industry in facing environmental challenges. Your leadership and involvement in the community are essential to that success.

Once again, thank you for participating in such a worthwhile event. This is just the first of many ongoing discussions. With your help, we can make that happen.

Best regards,

Mark Gaughan
Regional Affairs Manager

Jennifer Gonzalez
Public Affairs Manager
