Andrew P. Cohen, FAIA
Executive Director

Mr. Terry Tamminen
1223 Wilshire Blvd., #776
Santa Monica, CA 90403

Dear Terry,

Thank you so much for your inspirational talk. You were by far the best speaker we've ever had at our annual meetings. I received overwhelming positive feedback that your talk was so spot on, on the realities of everyday independence.

You are such a wonderful, articulate spokesman, and your insight into the political and Global realities of our country's responsibility to changing our everyday energy paradigm are groundbreaking.

I appreciated you including some of Gensler's sustainable work into your speech, especially our work for MGM in Las Vegas.

I also received many comments as to why I am not working out anymore, and have a body like Arnold.

Terry, I really enjoyed getting to know you better at dinner. I hope we have the opportunity to collaborate and work together in the future.

Sincerely,

Andrew P. Cohen, FAIA
