

# 84th Annual Congress of Cities and Exposition - #1

---

November 15, 2007

Hi Terry,

Thank you so much for forwarding your speech. Several of our State League Directors have requested it. Clearly your message hit home with a lot of our people and I am pleased to see our State League Directors taking such an interest. They have a lot of influence with the cities in their states and perhaps can help move some cities and towns to action quickly.

It was great to have you at our conference. You have a very powerful, substantive message which I know our members benefited greatly from hearing. I appreciate you taking the time and making the trip to New Orleans.

Sincerely,

*Janice*

Director, Conference and Seminar Management  
National League of Cities
